

Lose In One Place But Win In Another Russians Show Some Better Discipline

Still the center of military interest, the Russian front from Volhynia southward to the bend in the line near Fokeshaini in Rumania presents the curious spectacle of the Russians still in retreat on a wide front in eastern Galicia and of the Russians and Rumanians victoriously advancing in an important section along the Moldavian frontier.

Petrograd has little to say of the situation in eastern Galicia but indicates that there is considerable resistance of the Russian forces to the Austro-Germans in the Carpathians, notwithstanding which the Russian retirement continues under the Teuton attacks.

Winning At One Point.

Berlin is more specific in regard to the German campaign and announces Austro-German troops near Pruth plateau below Kalomea, on the road to Czernowitz and the further gain effected along the line north and south of the Dneister river.

On the Moldavian front the Russian military machine may be seen in the summoning of two former generals of the old regime to Petrograd. The generals summoned are General Ruzsky, formerly commander in chief of the northern army and General Gurko, former commander on the southwestern front.

The British front in Flanders is again trembling from the shock of a great artillery battle. Drumfire of the most intensive character opened this morning, Berlin reports. Several times of late indications have been that an attack was about to open, apparently on the part of the British, but none has developed. Recent reports indicate that the German artillery is also active on the front, possibly in an attempt to check by counter fire any British movement.

PUBLIC WARNED NOT TO TRADE WITH VENDERS

Washington, July 28.—Court plaster, said to have been distributed by German sympathizers, has been found on chemical analysis by the Department of Justice to contain tetanus germs. Attorney General Gregory today warned the public to use only court plaster from reliable sources.

FERGUSON IN SPEECH, SAYS HE'S INNOCENT

Walnut Springs, Tex., July 28.—Governor James E. Ferguson spoke here today before a crowd of 4,000 people at the annual Walnut Springs picnic. He discussed yesterday's indictments at the hands of the Travis county grand jury, and declared that he could prove that every cent of the money charged to have been misappropriated, had been properly

applied. He could prove it, he said, and those who stated to the contrary were "liars."

He charged that the "political machine in the University of Texas" was behind the indictments and the effort at impeachment. He declared that the records would show that all he had said about conditions in the university were true; that he had called upon the regents to give an accounting of where certain moneys had gone, and they could not explain.

ANOTHER U. S. FORCE IS SAFE IN EUROPE

An European Port, July 28.—Another American contingent has safely arrived and disembarked.

When tenders went alongside the vessel Friday the men were in high spirits and frequently shouted "Are we down-hearted?" which was answered with a roaring "No," given with great enthusiasm.

Representatives of the general staff watched the disembarkation. There was no civic demonstration. Only a few spectators knew of the landing. These cheered and the troops cheered back. The men entrained quickly and left for their new quarters. A signal company remained at the port for some hours and these were the only representatives of the contingent which the public saw.

Kermit Roosevelt, who is to join the British staff in Mesopotamia, arrived on the same steamer, accompanied by his wife and child.

NO INFORMATION OR COMMENT BY WASHINGTON

Washington, July 28.—The government withholds information or comment on the foregoing dispatch.

FREIGHT FROM CHICAGO STOPPED YESTERDAY

Washington, July 28.—Movement of freight to and from Chicago was handicapped today by the strike on nineteen railroads of switchmen affiliated with the Brotherhood of Railway Trainmen. For a time after the men walked out, at 6 o'clock this morning prospects of mediation hung in the balance, but before noon the likelihood vanished with the refusal of the strike leaders to accept the offer of G. W. W. Hanger of the General Board of Mediation and Conciliation.

Contending that they sought only the establishment of reasonable rules regarding employment, promotions and dismissals of switchmen, the strike leaders claimed that close to 6000 men quit work. The railroad managers' conference committee placed the number that refused to work at less than 2500 and declared the cause of the strike to be the insistence of the strikers on rules which in effect amounted to the establishment of a "closed shop" against switchmen not members of the B. R. T.

LOOK FOR YOUR NAME AND NOTICE TO COME

Organization of the selection board for District 1 was made yesterday by election of W. B. Connor as secretary, he having been appointed in place of J. E. Mohr who refused to serve.

The official list was received and checked for the first draft, and the board will have the lists ready for posting by Wednesday. Notice will be mailed to each person, at the address on his registration card, but if he does not receive this notice it will not be an excuse for not appearing.

If a person, by reason of removal or necessary absence from the district, cannot appear to be examined, he should make the fact known to the board and the board may then make an order to have him examined by another local board in whose jurisdiction he may then be.

If any person is too ill to appear for examination on the day set he should file affidavits with the board, one of which affidavits shall be by a licensed physician, and the board may then arrange to have him examined at such time and place as may be decided upon.

The News will print the list of persons called for the first draft as soon as the board completes and posts such list.

The board yesterday checked its official list with the list heretofore published in The News and found the following errors:

In the second hundred, the number 1551, Jesse Bridges and Ollie Miles, should be 1751, Winfield Brown and William Brodie.

The number 45, Nathan Simpson and Willie Lee Taylor should be 46, Reginald Thames and Julius D. Underwood.

In the fourth hundred the number 1891 should be 1981. The names are correct.

In the fifth hundred, No. 1259 should be 1250. The names are correct.

The number 726, Leon Floyd and Emory Barham should be 736, Lumie Patterson and Pleas Dennison.

The number 818, J. W. McEachern and T. J. Williams, should be 814, Lem Blow and Otho Pearson.

All others as printed in this paper were checked as correct.

THE NEW HIGHWAY IS BEING RECOGNIZED

The Highway Commission of Arkansas has officially recognized the Lake to Coast Scenic Highway and at a meeting held last week at Eureka Springs, Ark., set aside \$100,000 to be spent in building a section of this highway when it is finally decided which route the highway will take north from Fort Smith.

Advices were received from Fort Smith yesterday indicating a keen rivalry through northern Arkansas over the designation of the Lake to Coast Scenic Highway and a large number of representatives of two different sections of the state will be represented at the Tahibina meeting, August 16th and 17th.

NORWEGIAN VESELS SENT TO THE BOTTOM

London, July 28.—The Norwegian steamer Thorshol has been sunk by a German submarine, says a Norwegian foreign office report, transmitted to the Central News by its correspondent at Copenhagen. Twenty members of the crew were rescued. The sailing vessel Zaarbad was also sunk, according to the same authority, and the crew was rescued.

SUGGESTED FLAG FOR DISH TOWEL; "DOCTOR'S HERE"

Chicago, July 28.—An employe in a Loop restaurant took the count and was unceremoniously loaded into a patrol wagon when he suggested to a fellow-employe that they use Old Glory for a dish towel. He is held by federal officials.

EXEMPTION BOARDS GET A STRAIGHT TALK

Washington, July 28.—The gravity of the task that faces the members of the local draft boards was called to their attention in a solemn language in a communication sent broadcast today by the War Department and made public here tonight. In part it says:

"The selected man offers his life. It will strengthen you to remember that for every exemption or discharge made for individual convenience or to escape possible loss of money or property, or for friendship or affection, some other man, whose time would not otherwise come, must risk losing his life."

The boards are told that they are not courts to adjust differences between two persons in court.

"You, acting for the nation," says the communication, "are to investigate each case in the interest of the nation and never in the interest of individuals."

FOOD CONTROL BILL GETTING INTO SHAPE

Washington, July 28.—Conferees on the administration food control bill failed tonight to reach final agreement on that measure and adjourned to meet again tomorrow.

Senate and House conferees today had smoothed out their differences, or most of them, on the prohibition amendment agreed to in the Senate, fixing a \$2 minimum per bushel for wheat, and met again late tonight to consider whether the food control should be vested in one man or in a board of three, and the Senate section creating a joint congressional committee on the conduct of the war. The prohibition provision approved provides that 30 days after the bill becomes law no person shall use any food stuffs, fruits, food materials or feeds for the production of any distilled spirits for beverage purposes with a separate stipulation, however, that it shall not apply to fortifying of sweet wines. The importation of distilled spirits is prohibited in a new section.

JAPS SAY THEY SUNK AN ENEMY SUBMARINE

London, July 28.—One of the Japanese war vessels in the Mediterranean sea smashed the periscope of an enemy submarine on July 22 and in an attack that followed doubtless destroyed the undersea boat, according to a report issued today by the Japanese naval attaché here. The Japanese naval forces were escorting British merchant vessels when the sub was sighted.

RUSSIA BARS DOORS FOR COUPLE OF WEEKS

Petrograd (Friday).—The provisional government in view of existing exceptional circumstances has issued a decree closing the frontiers of Russia until Aug. 15th, inclusive, both to persons desiring to enter and those intending to leave the country. The only exceptions will be persons holding diplomatic passports and diplomatic couriers.

Austin Quiet---But, Look Out Monday

"FERGUSON NOT ASKED TO TALK TO FARMERS"

Austin, Tex., July 28.—Neither Commissioner of Agriculture Davis, who is permanent president of the State Farmers' Institute, nor the institute as a body, invited Governor Ferguson nor any of those in opposition to the governor to make political speeches to the institute during its annual meeting which has just closed, according to an official statement today from Commissioner Davis.

The Commissioner said that none of the political speaking that took place "was in any sense a part of the institute program."

Mr. Davis, by virtue of his office, is permanent president of the institute.

Officers elected today are: Joe E. Edmondson of Anderson county, first vice president; J. W. Stell of Lamar county, second vice president; F. E. Harrison of Wood county and J. A. Keinert of Howard county, third and fourth vice presidents, respectively.

"There seems to be a misunderstanding about the relation of the political speaking here in Austin to our institute, which was being conducted here at the same time," said Mr. Davis. "I wish to state that none of the political speaking that took place here was in any sense a part of the institute program. Neither myself nor the convention invited either the governor or any of those in opposition to him to make any speeches to the institute or for the benefit of the delegates attending the institute."

"This I made perfectly clear as soon as I learned that there would be political speaking. I had previously stated that no resolution relating to any partisan controversy would be permitted to come before the institute for consideration, unless it was passed over my ruling. I know that to the delegates I made this as plain as language could put it, and, regardless of any feeling, pro or con, which any delegate, members or others might have had, I want the public to know for a certainty that any statement from whatever sources to the effect that any recognition was given by myself or the institute as such to either side is an unqualified misrepresentation. I lament the necessity of having to make a public explanation concerning the controversy here in Austin, yet I am well pleased with the general results of the institute and am sure great good has been accomplished."

GERMANS TEST TRIP DROPPED BOMBS ON PARIS

Paris, July 28.—German airmen made a raid over Paris at 11 o'clock last night. Two bombs were dropped on the French capital. The opinion is held here that the raid was made with the object of testing the possibility of a succession of German attacks in force, similar to the recent raid on London.

A few minutes before 11 o'clock watchers of the French aviation service in Paris heard the noise of a motor and then an explosion, followed after a brief interval by another. The police of Paris were instructed to give the alarm throughout the city. The last notification to the people of the capital to take refuge against the possibility of an air raid was given during the night of March 16-17.

Barn Burned.
A barn at Roxton, belonging to Lue Wight, and was being used by L. L. Price, was destroyed by fire this morning about 2 o'clock. Mr. Price lost a new buggy and a set of harness, some hay and chickens. The loss was about \$500, with no insurance. He also had some household goods stored in the barn which were burned.

DAKOTA FINDS WAY TO PUT A "KICK" IN CIDER

Deadwood, S. D., July 28.—Cream separators are whirring industriously since South Dakota's dry law went into effect. Some one discovered that by running hard cider through a separator apple brandy with a decided "kick" was produced instead of cream.

MORE NEGRO TROUBLE IN THE FAR NORTH

Chester, Pa., July 28.—David Schwartz, a deputy sheriff, and an unidentified armed negro were shot and killed late tonight in the heart of the negro section. The shooting occurred after a day of quiet following the disturbances of the last two nights and was the result of sending a number of police and guards into the neighborhood after a crowd of negroes who had opened fire on two other guards.

VETERAN REAR ADMIRAL LUCE DIED AT NEWPORT

Newport, R. I., July 28.—Rear Admiral Stephen B. Luce, founder of the naval war college and one of the leading advocates of the establishment of the naval training system, died at his home here today, aged 90 years.

GOVERNOR SAYS LEE HAS BEEN THREATENED

Walnut Springs, Texas, July 28.—Governor Ferguson has three anonymous letters threatening his life.

All are dated Austin, signed by "A Real Citizen," and sent to the Governor during the last six weeks.

The last one is dated July 22 and was announced by Ferguson here today. He spoke this afternoon on present issues. The writer said he had been following Ferguson on his West Texas trip, that he was at the Valley Mills speaking a short time ago and had intended to shoot Ferguson there, but changed his mind. The writer warned the Governor that he would shoot quicker than the Rangers.

Governor Ferguson left Austin last night with Captain Henry Ranson of the Texas Rangers. He will return to Villa Bonita, his summer home, after today's speech and will rest there Sunday.

On Monday the Governor and family will return to Austin. They had planned to spend most of August at the summer home, but developments caused the Governor to decide to be in Austin con-

Austin, July 28.—Saturday afternoon saw a lull in the activities of which Governor James E. Ferguson is the center, so far as developments were concerned, but more than one typewriter was busy clicking off statements bearing on the speaker's call of the House and also on the Governor's statement referring to the recent grand jury indictment of himself and three of his appointees.

Many of the leaders of the two sides left Austin for their several homes to spend Sunday, but it is understood that the supporters of the Governor will come here Monday in force. It is reported that the Governor's friends among the House members will meet Monday to talk the whole matter over and decide upon a plan of action. Friends of the Governor would not confirm the report.

Oscar Gets In

Former governor, O. B. Colquitt, is at work on a statement but did not have it completed early tonight. It will have to do with Governor Ferguson's pronouncement in which the Governor refers to the handling of the Canyon City normal school insurance money.

Sam Sparks, who was president of the normal school board of regents under Colquitt, today issued a statement in the same connection, saying that the money was in control of Mr. Colquitt only eight months instead of eighteen months, as stated by Governor Ferguson and that there was no session of the legislature held during that time.

stantly, and so the summer home is to be abandoned.

In his speech here the Governor repeated the assertion that Speaker Fuller voted for Abilene for the West Texas A. & M. College on the second ballot.

He applied severe terms to the Travis county grand jury and said a political conspiracy caused his indictment. He vigorously declared his innocence and predicted his election for a third term as Governor by 100,000 majority.

WRECK ON CENTRAL KILLS THE FIREMAN

Houston, Tex., July 28.—Fireman Frank Riggs of Houston was killed late today when a Houston and Texas Central passenger train, north bound, was wrecked two miles north of Bryan. The engineer escaped without injury. Express messenger W. C. Reed was wounded in the head and Baggageman G. W. Brown was hurt in the hips.

The engine plunged down an embankment into a cotton field, head first, and the baggage and express cars and one day coach were derailed.

CLEARANCE SALE OF SUMMER FOOTWEAR FOR WOMEN

COMMENCING AT 8 O'CLOCK

Monday Morning July 30

Our store is filled with the best footwear that money can buy or skill produce. This sale is your opportunity to buy not only one, but two or three pairs, to insure you against the certain advance in prices.

FOOD INSPECTOR WAS APPOINTED

Officer E. F. Harrell has been detailed as pure food inspector for the city, and will have charge of the scoring of groceries, meat markets, restaurants, confectioneries, etc., under the new ordinance, publication of which has just been completed in The News, and which is now in effect.

Mr. Harrell is well fitted for this work and he will do it fairly and lawfully. The ladies of the Civic League, under whose request the ordinance was passed, are much interested in its proper enforcement, believing that it will be an advantage not only to the consumers of food but to the reputable dealers who are willing to obey the law. The League will give a banner to all dealers who make a score of 80 per cent or better.

We have some extra bargains in household furniture that we will be glad to show you any time.
W. E. Knight Furn. Co.

We want your grocery business for August and will make it to your advantage to buy from us everything you want to eat.

H. T. HICKS.

JOHN JAMES WILL GO TO FIRST STATE BANK

John James, one of the well known young business men of Paris, will accept a position with the First State bank about August 15th and will bend his energies towards helping that already popular financial institution to grow and become even more useful to the public.

For several years Mr. James has been credit man at Burton-Peel's and in this difficult and responsible position he has made good. His experience in this work and his wide acquaintance will make him a valuable addition to the energetic and accommodating force of the First State and The News hopes and predicts for him a most successful career as a banker.

Don't sell your household goods or any part of them until you get our cash offer for them.

W. E. Knight Furn. Co.

HERE ARE THREE BARGAINS

WAGE INCREASES GRANTED MANY GLASS WORKERS

Atlantic City, N. J., July 28.—A wage increase of 15 per cent was granted yesterday to the glass workers in the Punch Tumbler and Stem Ware Department by the Flint and Lime Glass Manufacturers' Association. The lamp shade workers got 10 per cent raise instead of 35 cents as first reported. About 1300 men in ninety factories in Oklahoma, Pennsylvania, Ohio, West Virginia are affected.

FIND MAN'S STOMACH IS REGULAR MUSEUM

Operation Reveals 450 Pieces of Metal He Had Swallowed

Philadelphia, Pa., July 27.—More than 450 pieces of metal, weighing three and one-half pounds and including nails, screws, tacks and safety pins, were found in Joseph Quinlin's stomach when he was operated upon for gallstones at the Philadelphia Hospital. In addition 250 gall stones were removed.

Among the other articles found were a small padlock with a three-inch chain, a cigar cutter, ten penny nails, thirty-four spoon handles, one dozen safety pins, forty pieces of type and the same number of lead slugs, two three-inch hooks for scream doors and several American medals, coins and badges.

Dr. E. L. Ellison of the hospital staff, who operated on Quinlin, said he would probably survive.

Lamar avenue is now opened up again, after the paving. We are again in position to take care of your trade.

Gasoline, Oils, Tires and Accessories.

CHANDLER SIX

Chandler Records Are Owners' Records

Not to our knowledge has a professional motor car driver ever made a record with a Chandler Six.

But all the thousands of owners of Chandler Sixes, every day, are making the kind of records that count. Records of satisfactory service.

The Chandler Company has never built a racing car. Chandler owners do not want racing cars.

The 55 to 60 miles per hour speed that every Chandler car will do is speed much greater than you would ever ask for.

The Chandler Company has

never built a special mountain-climbing car with short wheel base and low gear ratio.

The ease with which every Chandler climbs steep grades on high gear is satisfying to the Chandler owner.

The Chandler Company has never supplied any Chandler dealer anywhere with a special gear ratio for demonstrating purposes.

What any Chandler Six does your Chandler Six will do.

The manufacturer of one six can make just as big claims as the manufacturer of any other six. But

The Chandler is a Fact-Car, Not a Claim-Car, and These Are Facts, Not Claims

There is no other six more flexible in control, more responsive to your every demand, than the Chandler.

There is no other which will pull hard grades on high with greater ease.

There is no other so economical in operation.

There is no other which embodies in its design and construction so many features characteristic of high-grade high-priced motor cars.

There is no other of more beautiful body lines or greater riding comfort.

FIVE BEAUTIFUL BODY TYPES

Seven-Passenger Touring Car, \$1595

Four-Passenger Roadster, \$1595

Seven-Passenger Convertible Sedan, \$2295

Four-Passenger Convertible Coupe, \$2195

Limousine, \$2895

CHANDLER MOTOR CAR COMPANY, Cleveland, Ohio

BONE-DRY HAS COME TO PARIS TO STAY

Ben F. Goldman, agent in this territory for the Houston Ice & Brewing Co.'s popular drink, Bone-Dry, pulled off some stunts in Paris this week that will long be remembered and which will no doubt bring much results in the future sales of this drink.

He served Bone-Dry with a tempting sandwich at several of the fountains free to all comers and many women as well as men were on hand to get theirs.

Bone-Dry is said to be a big seller here, and as it is entirely free from alcohol, will no doubt continue to be popular with all classes of people.

Mr. Goldman was assisted in serving his guests by Mr. and Mrs. C. A. Hickman, demonstrators and outdoor advertisers; Victor B. Fisher, special representative, and Oliver Allstom, all from the Houston office. This lady and these gentlemen were very much in evidence at the fountains and saw that everyone was served.

ATTENTION!

The War In Germany

still goes on and one can tell what the end will be.

But we know what the end of your dealings with us will be if you buy your

TIRES, TUBES, OILS, GREASES, ETC.

from us. It will be

SATISFACTORY

Paris Taxicab Company

"No", insisted Turner, "I'm satisfied to take her just as she is."

"All right, said the owner; 'she's yours at your price if you'll remove her from the field.'"

Turner paid his check and Little cashed it. Then Turner went to the farm to remove his property. What followed is censored.

ANXIOUS, HE PURCHASES COW "SIGHT UNSEEN"

Wing, N. D., July 27.—During a recent thunderstorm lightning killed a horse and cow on the Albert Little farm.

The cow was insured, and when Little went to town next day to collect his insurance he ran into Harry Turner, who for a long time had been anxious to buy the cow. He renewed negotiations. "Better look her over first," said Little. "You may not want her now."

You Will Save as Much as You Spend
Varner Allen Hdw. COMPANY

Is your barn a cotton warehouse?

WHEN you store a ton of old style cottonseed hulls you give space to almost 500 pounds of lint and all the extra bulk that the lint causes.

When you store a ton of

BUCKEYE COTTONSEED HULLS
LINTLESS

you give space to 2000 pounds of real roughage, free from lint, compact, concentrated, solid. Buckeye Hulls save half your storage space or enable you to carry twice as much roughage.

Other Advantages

2000 pounds of roughage value to the ton—not 1500. Priced much less per ton. Every pound goes farther.

Better assimilation of other food. No trash or dust. Sacked—easy to handle. Mix well with other forage.

Mr. John Wicker, Forest, Miss., says:

that his first experience in feeding Buckeye Hulls was unsatisfactory as he fed them improperly. He now soaks the hulls over night, then feeds them and has very satisfactory results. Mr. Wicker states that these hulls are more economical than the old style hulls and thinks that they go almost twice as far as the old style hulls at a considerably less cost to begin with.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.

AMERICAN VESSEL SUNK BY GERMAN SUB

London, July 28.—After being attacked by gunfire of a German submarine the American bark Carnela was sunk by bombs in the entrance to the English Channel, July 27, says an official statement of the British admiralty today. The crew were picked up and landed.

A. Ray, also took a good look at this curiosity and can vouch for all that has been said about it. People here are wondering if this means an end of the war—or the world. Many are vainly trying to figure out what the letters "I S E Y" can mean.

DO LETTERS ON KITTEN MEAN WAR IS TO END? Some See Finish of the World in Animal's Freakish Shape and Mysterious Marks

Aeome, W. Va., July 27.—On Friday the 13th of July, a cat kept in the store of the Cabin Creek Consolidated Coal Company here, gave birth to three kittens, one of which had the letters "I S E Y," showing plainly on the under part of its body.

Immediately after the arrival of the kittens, S. W. Johnson, manager of the store, gave them to a boy to throw into the creek, but after an examination of one of them the lad's heart failed him and he brought it back to the store, where it has been seen by a large crowd of people.

This kitten has a tail three and one-half inches long, and its legs are entirely out of proportion with the size of its body. Superintendent W. A. Clay says he has seen a good many cats, but never in his life saw such a looking one as this. Dr. C.

appears to be as much at home in the water as do the fish themselves. His services are in demand continually during the warm months, for fish fries and exhibitions.

There are always a few who scoff at Wilson and his ability to dive and bring up fish. They say he has a box of fish hidden on the bottom, and that he opens it and brings up the fish as wanted. But the absurdity of this is proven by the fact that Wilson is willing to go to any point on short notice and pull off his "stunt."

Wilson says his work is more in the form of an exhibition than pot hunting. He usually charges at the rate of \$2.50 an hour, but he will bring up at least fifty pounds of fish, if wanted, for \$5, no matter how long it takes. He once brought up 200 pounds of fish inside of one hour.

Mrs. Robert Coons, and daughter are visiting in Greenville.

CATCHES FISH WITH HIS BARED HANDS

Once Brought up 300 Pounds in Two Hours

Cartersville, Mo., July 26.—Missouri's most odd and at the same time most successful fisherman is believed to be Jesse Wilson. He catches fish with his bare hands. He dives into the water, swims about a bit below the surface until his trained eyes detect his prey lying in fancied safety in the shelter of a log or stone, or in a recess of the stream, hidden by watercresses or other plants when, with trained touch he seizes the fish at the gills, ascends to the surface, throws his catch into a boat or box on the bank and dives after another.

Upon one occasion at a fish fry on the Neosho River, he brought up slightly more than 300 pounds of fish in two hours. Wilson's feats are seemingly almost impossible. He is so completely amphibian that he

What Will Become Of Your Own BOY OR GIRL?

It is a well known fact that hundreds of our boys and girls are leaving the Home Town and Farms to seek their fortunes in the larger cities.

There they struggle against frightful odds—the majority failing to realize their dreams of future prosperity.

How much better it would be could most of these young men and young women stay right here in Paris and Lamar county. We raise them, educate them, let us keep them. How?

We can keep this good blood here, if we always spend our money at home and help to build up our stores and industries that can give them profitable employment.

Our neglect and lack of loyalty to home interests has doubtless, in the past driven away into the big cities many of our young people—boys and girls that would have been valuable assets as citizens of our town.

We—those who have sent money away from Paris—have retarded the growth of our city and have sent away from us many desirable citizens.

But, IT IS NOT TOO LATE to do our duty by the young boys and girls of our city who will soon be ready to take upon their shoulders the burden of life.

Will You?

Will you help to make Lamar County prosperous—make our industries grow to a point where none of our people will have to seek elsewhere for employment and opportunity.

MAN ARRESTED HAD GIVEN THIRD CHECK

It transpired yesterday morning that the young fellow who gave alleged worthless checks to the Columbia barbershop and to the Hudson-Davis Company also gave a check the same day to the Perkins Bros. Company. He had gone into the store and bought a suit of clothes in payment for which he gave a check for \$17.50. The clothes didn't cost half the amount of the check and the young man received the difference in cash. The check was drawn on the same bank at Commerce as the one that was given to the Columbia barber shop, and as has been heretofore stated there is no such bank at Commerce as the bank named in the check. The suit of clothes bought at Perkins Bros. Company's store was recovered from the young man.

TO THE PUBLIC

I wish to say to the voters of the city of Paris, who feel, as everyone should feel, interested in the race for alderman, that as one of the aspirants for this position, that as my opponent and personal friend, Mr. T. E. McGee, has left the city on business that I do not feel called upon to make a further personal campaign, under the existing conditions, as a matter of courtesy to him and his friends. I wish to say to one and all that if you see fit to make me your choice for this responsible position that I will feel highly honored by the confidence reposed in me and will, if elected, do my very best to discharge the duties of the office in a manner which will reflect credit to myself and honor to the position. I wish to say in conclusion that I did not become a candidate for the position of alderman without solicitation, but was called upon by many whom I regard as among the representative citizens of Paris, to offer for this position.

Very truly yours,
F. E. Hutchings.
Paris, Texas, July 28, 1917.

Citation of Final Account
The State of Texas. To the Sheriff or any Constable of Lamar county, greeting: You will take notice that A. C. Robertson, executor of the estate of Nancy Williams, deceased, having filed in our county court his final account of the condition of the estate of said Nancy Williams, deceased, numbered 3585 on the Probate Docket of Lamar county, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for twenty days prior to the return day hereof in a newspaper published in the county of Lamar you give due notice to all persons interested in the account for final settlement of said estate, to appear and contest the same if they see proper so to do, on or before the August term, 1917, of said county court, commencing and to be holden at the court house of said county, in the city of Paris on the 3rd Monday in August, A. D. 1917, when said account and application will be acted upon by said court. Given under my hand and seal of said court, at my office in the city of Paris this 28th day of July, A. D. 1917. Ben Carnahan, clerk county court Lamar county, Texas. By W. H. Chastain, deputy. A true copy, I certify. Eb Clarkson, sheriff Lamar county. By C. O. Crook, deputy.

LET US SELL YOU YOUR AUGUST GROCERIES

The logical headquarters in Paris for dependable table supplies in greatest variety is the big sanitary store of Ludwick Grocery Co., corner of Clarksville and Church streets. One infallible rule adhered to here is that each salesman shall look to the quality of every article sold, and know that it is up to that standard of purity which makes this the housekeeper's most dependable store. Lady, if you do not know this character of service, accept their cordial invitation, and place your August grocery account here. In addition to select grades of fancy and staple groceries, the Ludwick Grocery Co. receives daily the choicest fresh vegetables of all kinds.

Foster's Weather

Washington, D. C., July 28.—Last bulletin gave forecasts of disturbances to cross continent July 23 to 27 and 27 to 31, cool waves 25 to 29 and 30 to Aug. 3. The important feature of last ten days of July was expected to be very cool weather following the very hot wave near July 20. Storms were not expected to be severe. A slow, gradual change of rainfall locations has been expected to follow July 25. That change promised to be finally important in breaking up the heavy rains of May and early June with a probability of a deficiency of rain where the excesses have occurred.

This change in the location of the rains to middle Canada and some of our middle northwestern states of course would at first be beneficial,

but our corn crop cannot long withstand dry weather and the spring wheat cannot long withstand wet weather.

Too much rain is expected for spring wheat during August in Manitoba, Saskatchewan and Alberta, North Dakota, Montana and northern Minnesota. What that condition will do to spring wheat is problematical. In North Dakota the drought has been bad on spring wheat and if too much rain comes to that section during harvest their outlook for bread will not be promising.

Dry weather is promised for August in the principal corn sections, particularly where the rains were excessive during May and early June. Such a radical change in moisture would almost blast the hopes of a great corn crop and would greatly affect prices of oats, corn and wheat. Of course we cannot hope to make a

perfect forecast, but the above indicates our estimates of the general crop-weather of August for the corn and spring wheat sections.

It is expected that the cotton crop will have improved by end of July. But August will be dry in the cotton states. That seems to indicate ruin for the cotton crop. But there is a hope that September and October top growth will remedy some of the August damages.

Next warm wave will reach Vancouver about August 3 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Aug. 4, plains sections 5, meridian 90, great lakes and Ohio valleys 6, eastern sections 7, reaching vicinity of Newfoundland near Aug. 8. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

This will bring big temperatures and a considerable increase in the force of the storms. Heavy rains are expected from this storm in Alaska and northern British Columbia. The storms are expected to carry moisture through the gaps in the Rockies between British Columbia and Alberta, causing rains in Alberta, Saskatchewan, Minnesota, North Dakota and Montana.

A great drop in temperatures will follow this storm, going near the frost line in some parts of Canada, low temperatures in our middle northwest following.

Our readers should not forget that our forecasts for the season were for most rain in the northeastern sections, decreasing southwestward to crest of Rockies.

TELLS US WHAT WE ARE UP AGAINST

London, July 7.—(Correspondence)—The American Committee of Engineers in London, recently formed to help as it might in the prosecution of the war, has appointed a sub-committee whose chief function it is to bring together accounts of such acts and words of the enemy as they think should be presented to the American people "lest we forget what a determined and ruthless enemy we are fighting." This sub-committee is made up of men who have had exceptional opportunities to study the events of the war, many of them at first hand. In a statement further explaining the reasons for appointing the sub-committee, the engineers' committee as a whole says: "Great care will be taken in assembling only reliable information, chiefly the words of the Germans themselves, in order that they may be condemned out of their own mouths. The committee believes that there are still many good people in America as in England who say to themselves, if not aloud, 'Are the Germans as bad as painted?' We hope that a weekly record of German doings and sayings will help answer that question and be a reminder that such a spirit, manner of reasoning and acting as the enemy manifests no way less than at the beginning of the war must be met and overcome, if this world is to be a safe and fit place to live in."

Only Workers Kept

The first statement of the sub-committee, under the caption "Germanism Week by Week, follows: "The policy of the Germans with regard to the deported Belgians seems to be to send home such as are too weak to work. Thus of 587 able-bodied men, slate-quarriers in the Belgian town of Ecaussinnes, deported to Germany, 62 died there, and of the 210 repatriated, all in a lamentable condition 70 have since died. We are not in a position to check these figures, though they compare reasonably with figures from other places. But what we do know—and this is the true Germanic touch,—the Germans imposed a fine of \$1,000 on this town, because they refused to hold their usual Bachelor's Tea Party on Whit Monday, because they refused in other words to celebrate their fellow-citizens' deportation into slavery and starvation. Events like these are to the Kaiser's taste, and are daily occurring.

"We have the absolute evidence of a neutral who was present, of the following circumstance in southern Serbia. A Serbian farmer shot an Austrian officer in the leg (not meaning to kill him) because the officer refused to pay for foodstuffs he had requisitioned from the farm, as he was bound to do. The ball struck an artery and the officer died. Thereupon the Austrian military authorities shot every tenth Serbian male in three surrounding villages.

Heavy Fine on Town

"The town of Mons, famous for the retreat, was fined \$100,000 the other day because a Belgian newspaper, published in Holland, stated that the Duke of Bavaria was at Mons during a recent allied air-raid. Mind you, there was no evidence that anyone from Mons had conveyed the information, but one of the Duke's general was killed and the Germans were furious. But this is not the first time that Mons has been fined. It was fined 250,000 marks in the first days of the war as a 'contribution.' But this was waived because, as the official poster which says 'the people preserved such good behavior.' "This good behavior did not prevent the Germans from burning por-

tions of Mons, like every other town they entered. This general burning they afterwards apologized for by saying that 'they had been fired at by civilians.' This was not the case at Mons, according to their own statement of the good behavior of the people.

"Mons was later fined 10,000 marks 'because of a derailment.' This was all the explanation. The town council asked for further details, only to receive a written reply, stating that the derailment had occurred months before at such a spot, which proved to be a hundred yards over the Mons line in the town of Jemappes. Jemappes was fined an even amount. Mons protested that the derailment occurred outside of the township and on the railroad, over which the German authorities, and not the commune, had jurisdiction. Nevertheless Mons had to pay 10,000 marks and before sundown. Could anything be easier as a way of making money? Could anything be more contemptible in the justice of things?

Says Watch Coal

"Tell America to watch its coal, particularly coal that is destined for steamers. Among the swag found on the Kaiser's courier, recently caught at Christiana, were highly explosive bombs that looked precisely like pieces of coal. One pound of ammonol, the explosive used at Messines, would blow up the New York City

Hall. It may be seen what a few lumps of explosive coal could do when once thrown into the fires of a steamer.

"One of the accomplices at Christiana said that these bombs, 95 large and 12 small ones, were especially destined for American steamers leaving Norway, and we have independent evidence that for a year past there has been a highly organized system to defeat inspection on these steamers. The stewards hide things in the mattresses and transfer articles from one state-room to another, as the inspection proceeds. But the danger is not alone there. These coal-bombs can be tossed onto any coal car standing on a siding in America, or even as the train passes. Bang, she goes, out in mid-ocean. Think of the good ships that have already gone down 'for causes unknown.' America, seal your coal cars."

Hudson Super-Six Proves Endurance

A Test That Never Fails to Reveal Every Weakness and Prove Every Strength of a Motor Car

Stock Hudson Super-Six cars are deliberately sent through tests more trying, more destructive, than any the average driver could imagine.

For one hour, a fully equipped phaeton with top and windshield up and carrying five passengers, was sent at top speed. It averaged 70.74 miles an hour and established the best time for such a performance with a stock car. The test was officially observed by the American Automobile Association.

It is just one of the many similar tests to prove endurance.

It was not a preconceived campaign of tests that we set out to make. Each test was thought sufficient in itself. But just as the giant is surprised as he realizes the ease with which he accomplishes each feat that he had felt would try his strength, so the Super-Six has so easily met every test that more trying and abusive trials have been devised.

We were sure that in the 24-hour test a stock chassis would break all previous records. But no one thought it would go 347 miles farther than any other car had ever gone in 24 hours. The Super-

Six covered 1819 miles. It broke all records for a traveling machine.

So, too, when a seven-passenger Super-Six set out from San Francisco for New York it was with confidence that it would lower the time of all other transcontinental runs. It did so by 14 hours and 59 minutes. Then because the run had been made so easily and without special planning, the car was turned around and raced back to San Francisco. In the return trip it also did better than any other automobile had ever done in crossing the continent in either direction. Hudson's round trip required 10 days and 21 hours.

Because of the ease with which the Super-Six has met every trial, it has always suggested something harder to do.

Endurance First

There is hardly any quality of a car that is so important to the buyer as that of endurance. Safety, comfort, reliability, low maintenance cost are all dependent upon endurance.

Every quality of motor car satisfaction is dependent upon power, acceleration, speed and endurance.

And every Hudson test proves that in these respects there is no car that equals it.

Convincing as the official records are, there is still further proof that no other car has to offer equal advantages. These proofs are furnished by 37,000 Hudson Super-Six owners. They have added their experiences to the official tests.

Others Have Increased Their Prices—Not Hudson

Other makers are now announcing price increases which brings the former \$1,200 and \$1,300 cars into the Hudson class. Until present material supplies are exhausted Hudson prices remain unchanged. So you can get for a limited time a Super-Six at a price not influenced by present high material costs. When the present allotment is exhausted then Hudson too, must go up in price.

For months Hudson has been the largest selling fine car. Its popularity and the growing scarcity and increasing cost of materials hasten the day when you must pay more than you can buy a Super-Six for today.

FOUR-FIFTHS FAITHLESS. SHE SAYS OF HUSBANDS

Woman Says Hers Was Enticed Away by Seven Young Girls
MURPHYSBORO, Ill., July 28.—Charging her husband has been enticed from her seven times by the youth and beauty of seven different girls, Mrs. Edward Jeanson, author, has arranged a lecture course on "Men." "Eighty per cent of the married men lead unfaithful lives," said Mrs. Jeanson, in a lecture at the First Baptist Church.

Mrs. Jeanson says she "rescued" one girl from her husband after she learned the girl had sat upon his knees while he wrote love letters to his absent wife.

SCOTLAND YARD GIVES ADVICE HOW TO HUNT SPIES

London, July 12 (By Mail.)—The most effective method of combating the German espionage system in the United States is to be found in co-operation between the public generally and the police, according to opinions expressed to the Associated Press by high officials of Scotland Yard.

From the first days of the war English police and military agents who have had to do with the gathering in of German spies have received masses of information from citizens regarding suspicious persons, and through this cooperation have been enabled to apprehend many undesirable and dangerous persons who otherwise might have been at large.

Scotland Yard has had considerable trouble with neutrals in the employ of the German government and the English police feel that this menace is one which the United States will have to guard against.

Since the entry of the United States into the war English officials and officials of the United States department of justice have been closely co-operating along these and other related lines and the American agents have been furnished with such information, not only in regard to persons but in regard to methods of catching those who are working for Berlin.

Scotland Yard has great respect for the abilities and efficiency of the American police, but feels that they would probably be able to accomplish much more if they had more power to act in emergencies. Moreover, it is realized that the task before the American spy catchers is even more difficult than it has been for those of England. In the first place there are more Germans in the United States than there ever have been in England and then they have more room to work in and more avenues of communication.

The compact wireless apparatus, easily moved about and within containers that disguise its real nature, is to be especially guarded against. Scotland Yard feels. Considerable difficulty has been experienced here with the wireless and the police now freely employ an instrument through the use of which these enemy instruments are detected.

Scotland Yard is interested in the work that is being done in the United States to discover how the Germans found out when American destroyers were due in English waters and how they discovered the location of the ocean rendezvous of the transports bearing the first American contingent. Obviously, the English officials say, German spies are in a position to become familiar with the most secret of secrets in Washington and they are anxious to render any assistance they can toward weeding them out.

Wholesale internment of Germans will not solve the problem. England has not interned all her German residents but the police are absolutely sure of the connections of those allowed to remain at large.

There is a general feeling in London that the execution of the first spies caught would go far in the United States toward persuading others, Germans as well as neutrals, that such work is extremely hazardous and very likely to have disastrous results.

We have a full stock of Osgood lens. We also have the Perrin No-Glare at \$1.00 per pair. Both fill the legal requirement.

52 Lamar Avenue.

BEES MAKE HOME IN WALL OF BRICK HOUSE

Swarm Unmolested for Three Years in Storing of Honey

St. Louis, Mo., July 27—A swarm of bees have lived and made honey for three years in the brick wall at the home of Dr. Allen Wilson at 1514 Wagoner place. Dr. Wilson has never interfered with the bees, and they have never harmed him, nor has he ever eaten any of the honey.

The bees' improvised hive is a cavity in the wall about half way to the top of the two-story house, on the kitchen side. The entrance is a small hole apparently left by the bricklayer when placing the bricks around the anchor of an iron wall brace.

Dr. Wilson said he had investigated and found that the cavity now extends into the wall about a foot, apparently having been hollowed out by the bees themselves. The swarm is not a very large one, and Dr. Wilson thinks it has not produced more honey than it needs. He does not expect to try to remove the bees.

Lamar avenue is now opened up again, after the paving. We are again in position to take care of your trade.

Gasoline, Oils, Tires and Accessories.

The Car of Good Taste GRANT SIX \$875

THE spirit of the times is opposed to extravagance and ostentation. It counsels sensible expenditure.

The GRANT SIX at \$875 is a car that is in keeping with the spirit of the times. Its intrinsic goodness is based on splendid material and painstaking workmanship. It appeals to the eye as a dignified, good looking car in which the designers have relied on simple, harmonious lines, and quiet, tasteful finish. They have avoided both the showy and the cheap.

Your GRANT SIX will give you 20 miles to a gallon of gasoline and astonishingly large mileage from any standard tires. Its sturdiness is a guarantee of steady day-in day-out service.

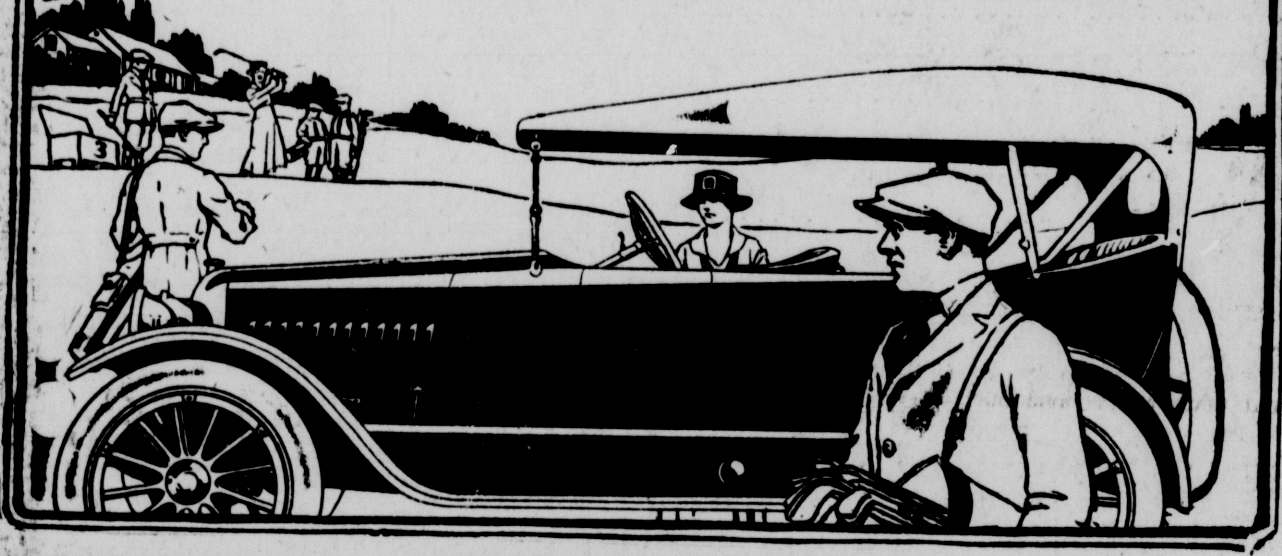

The present price of the GRANT SIX is the wonder of the industry. Even a superficial comparison of the popular price field will convince you that the GRANT SIX at \$875 is a remarkably good investment.

Now is the time to make sure of getting your GRANT SIX—come in.

GRANT MOTOR CAR CORPORATION, CLEVELAND

CONDITION IS SERIOUS FROM BLOW OF HORSE

Jack Milling, a young married farmer near Glory, the son-in-law of R. R. Allen, is in a serious condition as the result of having been kicked by a horse last Wednesday. He was holding the horse by the ear shearing its foretop and when he had finished and turned him loose the horse wheeled around and viciously kicked him. The blow of the hoof landed directly over the heart and crushed two of his ribs. He was knocked down and rendered helpless, but he was able to shout for assistance, and his wife hearing him went out to the lot and helped him in the house. Since the accident he has been badly swollen inside, but his condition is somewhat improved, although he is not yet considered out of danger.

AN INSECT IN THE EAR CAUSED BOY TROUBLE

Several nights ago while the 14-year-old son of H. J. Rakestraw, superintendent of the county farm, was asleep some kind of an insect crawled in his ear and became wedged in it and unable to get out. It caused him to suffer a great deal of pain and the ear became considerably swollen and very sore on the inside. The swelling gradually subsided and the suffering was less intense but it continued very uncomfortable and he called yesterday on County Physician White in search of relief. Dr. White succeeded in extracting the insect, but it had been in the ear so long that it had decayed and he was unable to tell whether the remains were a bug or a spider.

The First Cry

Every woman's sympathy responds to the sweetness of a baby's voice. The little cry that echoes with the arrival of the new baby is perhaps the fondest and most cherished recollection of our lives.

Thousands of mothers owe their preservation to health and morning, during the period of expectation. Its influence on the fine network of nerves and ligaments just beneath the skin is wonderful. It renders them pliant, and in this way aids nature to expand the abdomen without the usual strain when baby is born.

You will find this wonderful preparation on sale at every drug store. "Mother's Friend" is prepared by the Bradford Regulator Co., Dept. C, 200 Lamar Building, Atlanta, Ga. They will send you an intensely interesting book, without charge, "Motherhood and the Baby". Write them to mail it to you. It is of the utmost importance that every expectant mother aid nature in her work. Do not neglect for a single night to use "Mother's Friend". It is absolutely and entirely safe.

NO USELESS TIME SPENT ON THE HONEYMOON

W. T. Wheeler, a well known farmer of the Faught community, made the assertion yesterday that the most business like young couple to be found anywhere lived there. He said that they were married last Tuesday night and the next morning they started out early after breakfast to find some peaches in the neighborhood to can and preserve. They succeeded in getting a supply and the next day he went to the field to plow and his wife put in the time canning the fruit. In the afternoon the bride went to the field and plowed in her husband's place until he could go to the store after a scrubbing board, and the next day she did the family washing and scoured the house. The groom during the past five years has saved up enough money to buy and pay for a nice little farm.

ROMANTIC MARRIAGE OF FORMER BLOSSOM GIRL

The newspapers of Valliant and Bismark, Ok., a few days ago contained an account of a romantic wedding in which former Texas young folks figured, the bride being Miss Clara Lenoir, the daughter of W. E. Lenoir, who lived at Blossom for several years, and the groom being Alfred C. Looney, formerly of Red River county, both of them having many friends and acquaintances in and around Blossom and Detroit. At the time of their marriage the bride was, and still is assistant postmaster at Valliant, and the groom was in the employ of the Choctaw Lumber Company at the big sawmill at Bismark as night saw filer.

Imbued with patriotism the groom a short time ago volunteered his services to the United States government for service in France and was accepted in the Tenth Forest Reserve Corps, which has been assigned to go to France to operate a number of sawmills to furnish railroad timbers and mine props for the armies. He and his bride had been sweethearts for a long time, but she did not try to dissuade him from going. They decided, however, to get married, although they might never see each other again.

Nobody except the immediate family of the bride was present at the wedding ceremony, which was performed by Rev. C. C. Morris of Idabel, and the next day the groom left for Fort Logan, Colo., to enter a concentration camp of his regiment. He was accompanied by his bride as far as Hugo, where a romantic and touching leave-taking occurred.

THE DOG WAS FINALLY RUN DOWN AND KILLED

The maddog excitement which recently prevailed around Faught, Amherst, Springhill and Slate Shoals, has about cooled down according to the reports of visitors from those communities, but while it lasted it kept some of them pretty well stirred up. The author of the excitement was an old black half-hound. It was a stray and nobody learned to whom it belonged or where it started to run amuck. It is said to have cleaned out the country from Slate Shoals to Amherst, biting every dog that it came across. In addition to biting other dogs it attacked two or three men, but was beaten off. Wiley Smith said he was informed that a man whom it had attacked knocked it down with the endgate of a wagon-bed, and that when the dog got on its feet again it renewed the attack and he made his escape by outrunning it. Henry Easterwood of Springhill camped on the dog's trail two or three days and finally succeeded in killing it. A number of dogs that were bitten by it have been shot.

NERVOUSNESS AND BLUES

Symptoms of More Serious
Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STROPEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

PERSONAL

G. H. Pledger and family have returned from a visit to relatives in Oklahoma. While away he met a brother whom he had not seen in seventeen years.

Dougherty Connor was up from Dallas yesterday on a business trip.

G. W. Martin of Bagwell, an ex-sheriff of Lamar county, is here on a visit to relatives.

Mrs. Clarence Sperry and son, Clarence, Jr., have gone to Hollister, Cal., to visit her brother, E. H. Overstreet and family. They will make several stops on the way.

Jas. W. Biard will leave today for New Orleans to attend a meeting of the Louisiana farmers.

Deputy Sheriff John Brown went to Commerce yesterday afternoon on official business.

Mrs. Rick Adams and Mrs. Fred King will return today from Oklahoma City, where they have been visiting J. O. Adams and family.

Misses Eunice and Florence Hackel will leave tomorrow for Springfield, Mo., to visit relatives.

Mrs. Alice Phipps of Abilene, who has been visiting J. Wash Biard and family, went to Dallas yesterday to visit before returning home.

Mrs. G. J. Holding of Roxton is visiting her daughter, Mrs. Walter Nix.

B. M. Ingram and wife of Roxton will motor to Mineral Wells this week to spend several days.

W. A. Carnahan of Maxey is visiting at Durant, Ok., and will bring back his mother, who has been visiting her daughter there.

Walter White left yesterday for McKinzie, Tenn., to visit his mother.

Mrs. J. S. Sale returned to her home in Clarksville yesterday after spending a week with Mr. and Mrs. Earhart in East Paris.

T. A. Duncan and wife of Corsicana were among yesterday's arrivals in Paris.

Mrs. A. H. Bywaters, Miss Bernie Bywaters and Mr. and Mrs. T. W. Watson of Roxton have gone to Estes National Park in the Rocky Mountains of Colorado to spend the remainder of the summer.

Mrs. J. W. Neville and little daughter will leave tomorrow for

Daingerfield and Pittsburg, Texas, to visit her mother and other relatives. Her husband's sister, Miss Virginia Neville, of Paris, who has been visiting them, will return to Paris with Mrs. Neville and baby.—Roxton News.

W. H. Margraves of Paris expects to leave Sunday for Hot Springs, Ark., and his grandson, Paul Margraves, and Master Jim Lattimore will go to Paris Sunday to stay with Mrs. W. H. Margraves during her husband's absence.—Roxton News.

Mr. and Mrs. Ed Hutson left yesterday for New York and Washington.

R. M. Hubbard of New Boston spent last night in Paris on his way home from Dallas and Austin.

J. H. Gooch, Louis Goldman and C. R. Caldwell will leave tomorrow for Prescott, Arizona.

Mr. and Mrs. J. M. McWhorter of Fannin county and Misses Katherine and Thelma Jetton are visiting Miss Gertrude Caviness.

Miss Bess Meredith and her guest, Miss Hattie Grubbs of Roxton, are visiting at Sylvan.

R. E. Hooker, who has been attending the summer school at Austin College, Sherman, has returned home to stay until the opening of the fall session.

Don McAdams and wife of Batesville, Ark., were among last night's arrivals in Paris.

Joe B. Clark of Waco is the guest of his parents, Dr. and Mrs. J. F. Clark, for a few days.

James Daly and wife of Pine Bluff, Ark., are visiting his parents, Mr. and Mrs. Thos. Daly.

Miss Eda Damon of Dallas is the week-end guest of Miss Lalah Goodman.

Miss Margaret Griffith of Dallas is visiting her aunt, Mrs. J. M. Brown, at 499 Clarksville street.

For Sale

Owing to the fact that I am leaving Paris, will offer for sale everything in my home at reduced price. Tuesday morning. J. M. Chapman, 99 North Mill street.

NOTICE

All persons who drive automobiles are hereby advised that since the receipt of advice from the Attorney General's office, I have determined to stop some of the reckless driving which has been so prevalent over the city since the Highway law went into effect. I prefer not to make any arrests by the first day of August by which time I will have a copy of the law which enables us to enforce the provision of this law but if there are flagrant violations I will make arrests even before that time. This notice is given with the hope that those who have not equipped their cars as the state law provides will do so without further delay. The law will hereafter be strictly enforced and those who violate it will be required to pay the penalty.

Yours truly,
John Howerton, City Marshal.

Farm For Sale

at a bargain, on Boulevard 2 miles west of city limit. 100 acres in cultivation; 60 acres in pasture.
Clarence Sperry.

Local News Notes

Constable T. M. Skidmore of Manchester reports the destruction of about fifty quarts and pints of whiskey at Rock, on the river north of Kanawha last Friday. A picnic was in progress at Rock and about four o'clock in the evening officers from the Oklahoma side crossed the river and captured the booze, which was scattered over the ground as the bottles were broken. No arrests were made.—Clarksville Times.

J. F. Brindley of the Ideal Steam Laundry, whose number was drawn among the first in the big lottery went to the headquarters of the Paris Battery yesterday and enlisted in the First Texas Field Artillery. Company F being full he will have to be assigned to another company, but he will be in the same regiment as the Paris boys.

Several cars of hay have been loaded at Brookston the past few days for shipment, and business is said to be quite lively there.

A pistol shot fired in West Paris yesterday afternoon created a little excitement, but there was no damage done.

W. R. Allred returned home yesterday afternoon from St. Joseph's Infirmary, where he was a patient several days.

Residents of West Paris living on Bonham street complain loudly of the nuisance created by reckless young people in automobiles at night who run at a frightful speed and with mufflers wide open make a roar like a cyclone coming. If something isn't done to check it some terrible accident is bound to be the result sooner or later, it is believed.

Rev. Luther Rees will erect a two-story stucco dwelling just east of the Gowdey homestead on Bonham street, and it will be so constructed that two families can occupy it.

While George H. Boyer of Paris, a railway postal clerk on the Texas Midland, was sitting in his mail car at the Ennis end of the line Thursday night he had a narrow escape from being hit by a bullet that lodged in the car.

John Holding of Roxton, who has been confined to his home with rheumatism, will leave in a few days for Mineral Wells in search of relief. His wife will accompany him and they will make the trip in an automobile.

Marriage licenses were issued yesterday to M. W. Whitlock and Mrs. Josie Parnell, W. C. Lee and Mrs. Janie Osburn, M. F. Pickard and Mrs. Roxie N. Robertson.

Little Willie Gose, son of Mr. and Mrs. Hal Gose, who fell and broke his arm, is improving.

Mrs. J. N. Gee, the mother of Mrs. J. L. George on North Seventeenth street, who fell and broke her hip in the joint a week ago yesterday, was taken to St. Joseph's Infirmary yesterday evening.

C. F. Strickland, a former Howland dand Lamar county boy, who has been in the employ of the T. & N. O. railroad the past seventeen years, and has served as agent at Beaumont and Port Arthur, has been promoted to the position of assistant superintendent.

It is understood that the exemption board of District No. 2, the headquarters of which are at Roxton, will start to work at Paris tomorrow.

A married son of Smith Rollison, a wealthy negro living northwest of Roxton, was shot yesterday afternoon, but will recover. It was reported that a member of the family did the shooting.

The constable of the Charleston precinct in Delta county is trying to ascertain the identity of a man who posted notices there denouncing conscription. One of them was tacked on the office door of the justice of the peace. The posting of the notices created great indignation.

Max Russell had his leg broken in two places at Lake Creek last week by jumping out of a wagon when his team ran away. He was driving through a gate and had got out to shut it when the team started. He climbed into the back end of the wagon, but discovering that one of the horses had his bridle off he saw he could not stop them and jumped out.—Cooper Review.

The first service will be held in the auditorium of the new Central Presbyterian church next Sunday. The windows are all in and the installation of the organ and the seats will all be finished in time.

Mr. Stephens, a farmer who lived in the Deport community, was taken suddenly ill with acute indigestion a few days ago and died the next day.

Twelve-year old son of W. R. Anderson, living east of town in the Mt. Olive neighborhood, has been ill nearly a month with slow fever.

A letter was received by members of the family yesterday from Lee Morgan, who enlisted as a yeoman in the navy a few months ago, stating that he was the last yeoman left in the office at Norfolk, Va., and that he expected to be on a ship in a few days.

It was reported that President Wilson and Governor Ferguson had

Heap big mileage!

In every layer of fabric, in every bit of rubber—permeating the entire casing! No wonder Savage Tires average so much greater mileage.

Savage Tires are built to give mileage first, then road comfort and complete satisfaction—they are not made to sell at a price. And yet Savages cost no more than ordinary casings.

Sold through our own distributors. We put the middleman's profit into extra quality—"Heap big mileage!" Watch for the red Savage sign.

Society And Club Notes...

Maude Neville, Telephone 869

How the Fort Was Saved.

She was the daughter of a daring, venturesome pioneer leader, this young American girl, and she probably inherited from him her courage, and the splendid spirit of self-sacrifice that perpetuated her name. Yet Elizabeth Zane was perhaps pretty much like other girls—we've no record of whether or not she was pretty, or sweet-tempered or accomplished—as to the latter, she probably wasn't, considering the fact that she lived in a little log fort in the backwoods, about the close of the Revolutionary War, when the Indians were still incited against the invading colonists.

This was the way it happened: the red-skins had taken the pioneers by surprise, and, before they were able to make an effective stand, the colonists were penned in the stockade, their powder, with three men guarding it, in a cabin thirty yards outside, and twilight coming on.

Zane, the commander, as quietly as he could, summoned his men for a conference, but not quietly enough to escape the notice of wide-awake Betty. In silence, she listened to all their schemes, and then very calmly condemned them; and announced that she was going for the powder herself.

A spontaneous burst of protest came from the little group: it was a "man's job."

"Perhaps," she retorted, "but there's not a man can be spared for it."

The upshot of it was that the stockade gate was opened ever so little, and Betty slipped out, and, swift as a bird and noiseless as a cat, crossed the intervening space to the

cabin, and was beating her slim, brown hands on the door. A moment and she was admitted; a few seconds more she emerged again, her apron tightly clutched in both hands.

But the Indians were ready this time, and scented the scheme, so her return, handicapped now as she was, was a veritable running of the gauntlet: a rain of arrows and bullets fell thick and fast about her, but she never hesitated, nor released her hold on the apron.

Unscathed, she reached the garrison gate, which, this time, swung wide to receive her—and her apronful of powder. It was a man's job, and there was no man for it, so Betty offered herself as substitute. That is the mettle of which all true Americans are made, and it is such deeds as this that make our history as bright as any in all the chronicles of the ages. Some time, on one way or another, we all have the opportunity of proving ourselves worthy of such ancestors as Betty Zane and her ilk.

We may not be able to vent our spirit of self-sacrifice and desire to sustain others as she did, but there are many other outlets, which, in their way, are as vital to the United States, and her allies, as was Betty's race with Indian arrows; to the defenders of the stockade.

One of them is the American Red Cross—and we have a chapter here, one which has room always for more members.

To the Girls of Paris.

There is practically but one requirement for membership in the Girl's Honor Guard: this is that the applicant be a citizen of the United States. It is stipulated, indeed, that she promise to learn the words of the "Star Spangled Banner," and that she never let the flag touch the earth, but, in the true meaning of the word, "citizenship" includes them both.

Whatever service is rendered is given voluntarily, and the dues are

Southland Cotton Oil Co.

very, very small. It is the duty of every American girl to make use of this privilege, and enlist in the Honor Guard. It is but an outward declaration of her allegiance and loyalty to her native land and the flag which affords her protection.

To those who have interested themselves in the Hoover Food Administration, it is very gratifying to know that all of the five hundred pledges received here have been distributed, and that there have been several calls for more of them. These latter, however, have scarcely been sufficient in number to warrant the ordering of another set of cards.

If, through oversight, or from any other reasons, there are ladies in Paris who did not receive pledge-cards, but who wish to have them, it will be appreciated if they communicate with those in charge of the matter. Valuable instructions and advice, as regards food conservations, are given gratis to those who desire them, and will prove a great help to every housewife.

Whether or not the necessity of it is being felt now, nevertheless, it is a vital question, for our armies must be fed, and it is America's duty, and an unavoidable one, to see that it is done properly. Unless we stretch upon the waste and extravagance here, it cannot be done. It is an ultimatum, and the American housewife must bend her every energy to comply with it.

Honoring five of the young men of the Paris Battery, Miss Lilah Ramsey entertained with a dinner-dance on Thursday evening last. Red roses formed a brilliant centerpiece, and flags were used for place-card favors. Besides the hostess and choruses (Messrs. Roscoe Kaykendall, Wheeler, Abshire, Bassano and Elliott), the guests numbered Mr. Lester Kuykendall, and Miss Lucile Bridges, Louise Albright, Herndon Kimball, Martha Bernard, and Lois Thomas.

A very thoroughly enjoyed outing was the picnic given Wednesday by Miss Mary Potet, in honor of her guest, Miss Mabel DeWitt of Oklahoma City. Mrs. Potet chaperoned the seven couples to Givens, where the time was passed in bathing, boating, and other sports. The out-of-town guests were Miss Thomas of Commerce, and Mr. Curtis of Dallas.

Mrs. W. C. Carson entertained Monday evening with a very delightful little party, in honor of her niece, Miss Elizabeth Thomas, of Commerce, about eight couples attending. Punch, pineapple ice and cake were served.

Among the many hospitalities for

Miss Sybil Lackey of Commerce, the dance of the Misses McCullough at the home of Mr. and Mrs. W. A. McCullough, on Lamar Avenue, Wednesday evening, was one of the most enjoyable. Punch was enjoyed during the evening, and later, refreshments were served to the eighteen couples.

—Reported.

Thursday morning, Miss Vera Gaches entertained with a breakfast in honor of Miss Lackey of Commerce. Place-cards were laid for the following guests: Misses Lackey, Thelma and Verna McCullough, Ruby Bridges, Wilma Dunagan, and the hostess. They later enjoyed an outing at the Country Club, accompanied by Mrs. Charles Seavers.

—Reported.

On Monday afternoon, small Miss Elma Bruce, on North 16th Street, entertained with a party, in honor of her fifth birthday. Various games were played and the small guests were served with cream and cakes. The hostess received several pretty gifts from her little friends.

Personal.

Mrs. Julius Early of Austin, will arrive today to be the guest of Mrs. L. R. Carey and Ralph Spears.

Miss Elizabeth Thomas, who was the guest of her aunt, Mrs. W. C. Carson, for some time, returned to her home in Commerce Thursday.

Mr. and Mrs. L. V. DeWitt and daughter, Miss Ruth DeWitt, left yesterday to make a motor trip to Dallas.

Miss Virginia Neville, who has spent the past fortnight with Mr. and Mrs. Jack Neville of Roxton, returned Saturday morning, accompanied by Mrs. Neville and her small daughter, who will leave today for Dingerfield, Texas.

Miss Sybil Lackey of Commerce, who has been the guest of Miss Thelma McCullough for the past ten days, returned home today.

Record-Emmert.

At half after two, on Tuesday afternoon last, at the home of the

bride's parents on East Price street, Miss Jennie Record and Mr. Alfred Emmert were quietly married by the Rev. T. J. Manton, only the immediate families attending. The ceremony was preceded by several piano numbers, and the wedding march, played by Miss Pettus. The house was simply but attractively decorated with daisies and fern.

The bride wore a suit of silver-embroidered blue satin, with accessories to match; her corsage bouquet was formed of Killarney roses and lilies of the valley. Mr. and Mrs. Emmert left immediately on a bridal tour to South Texas points, after which they will be at home at Mr. Kendall's residence.

On Friday last, honoring Misses Floy Johnson and Louise Goldman, Misses Zue and Pearl Connor entertained fourteen guests with a much-enjoyed "spend-the-day" picnic at the Gordon Country Club.

NOTICE

In the County Court of Lamar
County. No. 3797. Ella M. Horton,
guardian, vs Gladis Horton et al,
minors. Notice is hereby given that
as guardian of the estate of the above
named minors, Gladis Horton, Alma
Horton, Opal Horton and Ray Hor-
ton, I have made application to the
Honorable Tom L. Beauchamp,
County Judge of Lamar county, Tex-
as, for authority to execute mineral
leases of certain lands belonging to
said minors situated in Wichita
county, Texas, to A. T. Wight, and
hearing upon said application has
been set for Monday, July 30th,
1917. All persons interested in the
estate of said minors are hereby
notified.

Ella M. Horton,
Guardian of the estate of Gladis Hor-
ton, et al, minors.

Come to Paris and prosper.

GIRL MAY NEVER HAVE ANY CHRISTIAN NAME

"Baby" Harris' Father Dies in War,
Mother Goes Insane, and None
Else Can Act.

Coburg, Ont., Canada, July 27.—
Fate has been credited with many
queer pranks in her day, and while
this one is not her latest, it might
be classed as one of her queerest. She
has decreed that "Baby" Harris,
daughter of Mr. and Mrs. Thomas
Harris, go through life without a
Christian name—unless something
unforeseen happens.

At the beginning of the war Har-
ris took up arms with the Canadian
army. A few months later his wife
gave birth to a daughter. In answer-
ing his wife's letter Harris request-
ed, "Don't name the baby until I
come home from the war, then both
of us will decide upon what to call
her."

In keeping with the request Mrs.
Harris promised her husband she
would let him have his wish. Four
days after having received his wife's
promise, Harris was killed in a
trench raid.

Upon hearing of the death of her
husband Mrs. Harris went violently
insane, and is now in an asylum.
The Canadian laws prohibit any-
body else naming the child. "Baby"
Harris is now 3 years old.

NOTICE

is hereby given, as required by the
charter and ordinances of the City
of Paris, Texas, that the undersigned
will apply to the City Council of the
City of Paris at its next regular
meeting for a franchise granting to
the undersigned the use of — cubic
feet of space under the sidewalk
abutting his property on Clarksville
and 21st streets in the city of Paris,
for the purpose of supplying light
and ventilation to the basement of
said property and to be used for gen-
eral storage, said franchise to be for
a period of five years for which an
annual rental to be fixed by said
City Council is to be paid. This
19th day of July, 1917.

James H. Gooch.

NEVER ANOTHER SNAKE IN SUCH PREDICAMENT

Big Water Moccasin, Unable to Dive,
Is Captured by Beaumont
Printer

Beaumont, Tex., July 27.—R. A.
Daniell, a printer, who makes his
summer home in a houseboat moored
in the river north of the city, cap-
tured a water moccasin, 4 feet 9½
inches long, which had its diving
machinery out of commission.

Daniell knocked the reptile into
the stream with his cane, and the
moment it dived to escape him it
popped up again to the surface.

Its repeated failure to remain un-
der the water prompted Daniell to
effect its capture with a crab net,
and when examined it was discovered
that the snake had swallowed a large
china nest egg through mistake,
while robbing a hen house.

The china egg formed an air
chamber which forced the snake to
the surface the moment the force of
its effort to dive was expended.

Fresh vegetables of all kinds all
the time.

PAIGE

The Most Beautiful Car in America

Protecting Paige Buyers

It is, and always has been, Paige policy to protect and conserve the interests of Paige buyers.

Contracts for large quantities of materials, entered into months ago, have enabled the Paige-Detroit Motor Car Company to scale its present list prices so that in no instance has the increase exceeded \$100. But when the present supply of materials is exhausted, there must inevitably be a readjustment of prices.

Paige prices are never fixed arbitrarily. The buyer is always permitted to share in the benefits resulting from foresight and good business judgment.

But price has never been the determining factor in the buyer's selection of a Paige car. He will continue to select the Paige independent of price figures.

The Paige wins the preference always because of mechanical excellence, beauty and supreme quality.

PHYSICIANS AMAZED BY WOMAN'S CASE

Triplets May be Followed by Fourth and Fifth

Erie, Pa., July 27.—A few weeks ago Mrs. Helen Crosby of Eleventh street, this city, gave birth to twin boys. Three days later a third child, a daughter, arrived. Now it is expected that a fourth child will be given birth to, and possibly a fifth. Mrs. Crosby is only a young woman, 24 years old, and frail. Her husband is a prominent traveling salesman.

Prominent Pennsylvania and New York physicians are astounded as well as puzzled over the number of children given birth to, and the good health of the mother. Dr. Harold T. Brisbane, of Buffalo, who is attending the mother, declared he had never heard of the occurrence in the long time he has been practicing.

It is expected by the attending physician, that Mrs. Crosby will be fully recovered from the illness attendant to the birth of her children, in another month. Not once, so far, has she been seriously ill.

"It is surprising," said Dr. Brisbane, in commenting upon the births "that so many children could have been born at one time and at the intervals that have been noted. It is even more surprising that Mrs. Crosby has been able to bear up as she has—a frail woman, apparently not affected at all. All of the children born so far are healthy—in fact, healthier than could be expected. It is certainly amazing."

The bedside of the little woman resembles an orchard of apple blossoms, so many are the flowers that have been given her in remembrance by her friends. Congratulatory cards of every description are being received in every mail, as well as are gifts for the new arrivals.

Got Lots of Water

The Paris Candy & Bottling Co. has had a fine well dug near their property on Grand avenue. After going for sixty-five feet, a number being in good sand, it was thought advisable to test it for quantity. It proved so good both in quantity and quality that it was accepted. This will enable bottle beverages manufactured by this firm to be absolutely pure in every respect and will no doubt be appreciated by the public in calling for the drinks of their manufacture.

Lamar avenue is now opened up again, after the paving. We are again in position to take care of your trade.

Gasoline, Oils, Tires and Accessories.

Fred S. Webster Motor Co.,
